

DOING THE WORKS OF JESUS

CELEBRATING AND EMPOWERING WOMEN

Week 15 | Celebrating and Empowering Women

Gospel Community Leaders Guide

Pray

Begin prayer with an understanding that this topic is divisive in our culture and quite personal for so many. With that understanding, pray for clarity and open-mindedness as you begin. Ask that God would give a spirit of harmony and understanding to your group. Finally, pray that the women in your group would be affirmed, equipped, and empowered through our church to do the work God has called them to.

Discuss

Discuss this week's sermon and the questions below.

- **Were you surprised by any of the examples of gifted women discussed in the sermon?**
- **How did Jesus elevate the status of women in His culture?**
- **How might God be calling us as a GC or a church to help restore value to women? Why would this stand out in our culture?**

Encourage

Give your group the opportunity to name and affirm the Spiritual gifts and callings they see in each of the women in your group. As you close, pray that God would fan these gifts into flame and give individuals in your group the opportunity to minister and to lead.
